Dear Johanna,

Thank you so much for your donation of twenty-one (21) pairs of pajamas and sixty-one (61) books. When I started Pajama Program in 2001, I never could have imagined how many children there are who need our help... in every City and State in America. Many of the children we serve are waiting and hoping to be adopted. Too many have been abused and neglected, never knowing what it's like to have a mom or dad to tuck them into bed at night. The pajamas and books we send them help them feel loved and comforted - like a good night hug. The books help them with their reading practice, something they really need. Sometimes I shiver at the thought of the children who must go without warm, new pajamas for bedtime because we can't reach them all. We are so grateful that now we can reach so many more children because of your compassion and generosity.

Thank you for sharing your love with these children.

Sincerely,

Genevieve Piturro
Founder/Executive Director
